

INTERBUILD AFRICA 2018 EXPO

In August 2018, Select PPE attended the Interbuild Africa 2018 Expo, hosted by Specialised Exhibitions, at the NASREC Expo Centre, Johannesburg for the very first time. The Select PPE business has a very strong market share within the mining industry and aim to achieve this level of success in various other key industries as well thus the reason for taking part in exhibitions such as the Interbuild Africa 2018 Expo. Attendees as well as exhibitors were equally interested in the Select PPE Vending Machine Solutions as well as the uvex pheos eko safety spectacle launched at this event, which is exclusively available from Select PPE.
